What is Basic User Interface?

Basic User Interface is an IT plugin tool already installed on your computer as part of your monthly service agreement. This icon allows you to easily manage your IT issues/concerns at the click of a button. You can easily access your account along with templates for tickets.

Quick

Access your account and submit support tickets right from your computer.

Easy

The IT Support icon sits right on your home screen so it's ready when you need to chat with an IT representative.
